MEMORANDUM FOR THE RECORD

SUBJECT: Plum Book

25X1 1. Following [] contact with Mary Lewis of
25X1 the Senate Committee on Government Affairs concerning []
problems caused by the Committee's proposed changes to the
Plum Book, I called Pam Turner in B. Oglesby's office in the
White House. Ms. Lewis, who was sympathetic to our concerns
but is unclear and unfamiliar with the issues involved, said
she or someone would probably call the White House legislative
liaison office.

25X1 2. Pam understood the problem, appreciated the alert and
offered, if nothing happened in a few days, to call Senator
Roth directly. I said that I would send over a classified
background paper on the impact of the proposed changes that
our [] Staff had prepared.

25X1 []
